Business Approach

Vision statement

Our vision is “to be the ‘Builder of Choice’ for our customers, our contractors, our consultants, our clients and our people”.

Mission statement

Our mission is “to reach a position of eminence in the real estate business by creating impressive residential, hospitality, educational and commercial infrastructures in harmony with life and nature”.

Core Values

Integrity, customer satisfaction, honesty, and professionalism are the core values that we stand by at all times.

Our Philosophy

“To make your space a piece of art”

Our Team

Quality of an organization is a perfect reflection of the quality of its team. The Vinayakaiah Builders & Developers Pvt. Ltd. owns highly talented team of construction managers, architects, engineers, certified cost engineers, commissioning specialists, landscape designers, roof inspectors & technical engineers - driven by passion to building beautiful homes and communities in Bangalore.

Venkateswarlu MuramReddy, the Managing Director of Vinayakaiah Builders & Developers Pvt. Ltd., has wide range of work experience in the domain of construction and infrastructure industry. Leveraging his expertise in planning, zoning, and site development, he expertly supervises all aspects of the construction process - from project commencement to closeout. He brings his years of industry experience from India, UK and US by working as a partner with Dharani Ventures & SriMitra Builders. In the last two decades, he has developed a strong relationship with customers and investors through his stint in the IT industry. Throughout his entire career, he has stayed true to his objective of consistently delivering projects on time and within budget.

Company preface

Vinayakaiah Builders & Developers Private Limited started its remarkable journey in the realm of real estate past 10 years. Since its establishment, the company has been contributing enormously to the transformation of Bangalore's urban landscape - catering to the entire spectrum of real estate from commercial to residential sectors. Here, we go beyond the ordinary in creating iconic structures that enriches the overall quality of life.

Leveraging technological innovation, artificial intelligence and human touch, we create chic and beautiful spaces to live, work, and play. We have a dynamic team assigned to every project, who oversees all aspects required to complete it on time and within the allotted budget. Each of our projects emerges as a landmark and is widely appreciated by landlords, buyers, tenants, and property investors.

In a short span, Vinayakaiah Builders & Developers Private Limited has experienced phenomenal growth under the visionary leadership of Managing Director Venkateswarlu MuramReddy. Over several years of hard work and dedication, he has brought together the rare essentials of quality living, creative planning, absolute value for money and sustainable construction - all under one roof.

The supremacy of Vinayakaiah Builders & Developers Private Limited lies in making optimal use of vacant spaces. Also, we constantly endeavor to preserve, protect and revitalize Mother Nature to the best of our capability. With our no compromise and transparent approach in every project, we are making our mark as a niche player in the real estate market. We guarantee a lifestyle that's worth living and flaunting too!!
